ROBBERS HELD FOR GRAND JURY

Henry Broedus and James Grant, Colored, Self Confessed Hold up Men

HEARING LAST NIGHT

Grant Today Identified In Hold up of Robert L. Huntington, Jr., Which Occurred Saturday Night.

Henry Broedus and James Grant, alias "Columbia Kid," both colored, twenty-one years old each, self confessed highwaymen and hold up men, at a special session of the police court last night were held for the action of the grand jury by Justice Thompson. They admitted having held up and robbed Roy L. Fahnestock, a Southern Railway fireman who lives at 1003 Cameron street and William Lyles, a car inspector at the Potomac Railroad yards who lives at 1409 Prince street.

All of the money and other articles taken from the two men by the robbers except a gold chain belonging to Fahnestock were recovered by the police from the prisoners. Both men willingly admitted their guilt in court, having previous to the hearing confessed to the police.

According to the testimony of Fahnestock he was held up about 10 o'clock Tuesday night while on Duke street extended. He said the men first asked for a match and he told them he had none whereupon they ordered him to halt and drew a gun. While one covered him with the gun the other grabbed his gold watch and chain.

He was unable to positively identify the men, but told the court they bore a description of the men who robbed him.

William Lyles next was called. He testified that at 11 o'clock Tuesday night while on his way to work at the Potomac Railroad yards while at the west end of Oronoco street he was held up at the point of a pistol by the men, whom he identified, and robbed of $28, a pistol and pocketknife.

Both men were arrested the night of the robberies by Policemen Bell and Campbell.

A large crowd was present in court when the prisoners were arraigned. Both men appeared entirely unconcerned.

Grant Robbed Third Man

The two negroes were brought before the Police Court again this morning, when Robert L. Huntington, Jr., identfied James Grant as the highwayman who robbed him of a Hamilton gold watch a night or two ago. A scar on the right side of Grant's head corresponded with the description which had been given the police. Mr. Huntington said Grant searched his pockets while another negro held a pistol to his head. Grant denied the charge.

VIRGINIA ALLOWED MILITIA

War Department Gives Authority For Infantry and Artillery

Washington, May 1.—Authority was given by the War Department yesterday for the organization of one regiment of National Guard Infantry in California, one battalion of infantry in Florida and two battalions of infantry and four companies of coast artillery in Virginia. Approval of the proposal by the States interested that they be permitted to organize these units was based on the department's policy of providing military organizations for those States requiring military forces of their own without awaiting permanent reorganization of the old National Guard.

QUOTA IS $4,000 FOR RELIEF FUND

Appeal Made For Armenian and Syrian War Sufferers

DRIVE ENDS SATURDAY

All Urged to Send in Contributions so That There Will be no Necessity For Canvass.

Alexandria has been requested to raise $4,000 for the Armenian and Syrian Relief Fund, and the chairman of the local committee hopes that everyone will respond promptly in order that the campaign may be closed Saturday night without the necessity of a house to house canvass.

Remittances should be sent to J. T. Preston, Treasurer, care of the Chamber of Commerce.

It is hoped that all Alexandrians will respond to alleviate the suffering of these unfortunate people.

Horrors among 330,000 Armenian refugees on the border between Russian and Turkish Armenia, "unparalleled among the atrocities of the great war" were described in a cablegram from Dr. A. W. Halsey, Commissionur to the Caucusses of the American committee for Armenian and Syrian relief, made public today by the Presbyterian Board of Foreign Missions.

Dr. Halsey asserted that famine and disease were killing the refugees at the rate of one-seventh of the entire number each month, and added that typhus had begun to make its appearance among the sufferers.

"On the streets of Alexandropol on the day of my arrival," said the message, "one hundred and ninety-two corpses were picked up. This is far below the average per day. At Ejchmiadzin I looked for a time at a refugee burial. Seven bodies were thrown indiscriminately into a square pit, as carrion, and covered with the earth, without any suggestion of care or pity. The workmen told me that the seven in this pit were the first load of thirty-five to be brought out from the village that morning. The cart had gone back for another load.

"The refugees dare not go forward. They halt on the border land of their home. The Turk, the Kurd and the Tartar have taken possession of their lands and will hold it by force of arms. A line almost like a battle line, from the Black Sea region, where is located the Southwestern Republic, with Kars as its capital, to the Caspian Sea, where Baku is the capital of the Azerbaijan republic, together with a line of Turks, Kurds and Tartars between these two extremes, holds the refugees where they are. The total number is more than $330,000. To these must be added the local inhabitant, also suffering indescribable hardships."

"Should our government delay in reaching out a helping hand to these suffering people? The question of political expediency ought to be forgotten in the present of this world catastrophe. These people look to America. Our government is under moral obligations to respond."

THE MOST IMPORTANT LOAN BUY BONDS NOW

Our future esteem in the eyes of the nations of the world depends upon our performance now.

The American citizen is standing up for the world's inspection. Our rapid fire ability to do things astounded the world.

America entered the fight to save civilization. She exceeded all expectations. Blood was shed and lives were given willingly. The people gladly furnished funds from their savings that the war might be financed. Peace was accomplished sooner than expected and America made a great stride in prominence.

A great part of that army we placed on the battlefield is still in France. Navy transports are rapidly bringing the soldiers home, but the task is an enormous one. The United States government has business contracts for war materials that it must take care of.

The rapid fire action that played such an important part in crushing Germany was made possible by the ready response of the nation in the Liberty Loan drives. Everybody realized that things had to be done quickly.

Shells are no longer killing our soldiers. The enemy's guns have been silenced. That is why the Victory Liberty Loan is probably the most important of all loans. It is a "peace loan" to pay the cost of peace and calls for the greatest response.

It is a test for the American citizen. It will prove whether or not he realizes the importance of the government meeting its obligations and maintaining its position of esteem.

It is a final call for us to show the world the true spirit of America.

STREET BATTLE

Three Persons Wounded in Washington Yesterday Afternoon

Washington, May 1.—Three persons were wounded in an exchange of shots yesterday afternoon in a thickly settled residence section a few blocks from Union Station, between Bryant C. McMahon, a taxicab driver, and negroes suspected of having held up and robbed him early this morning. Spectators said about 100 shots were fired.

McMahon told the police he was held up about 1 A. M. a few blocks from the scene of the shooting. Eight negroes in an automobile took his pocketbook containing $56 and also his taxicab.

With persons who said they could identify the bandits, McMahon went on a hunt and this afternoon accosted a pedestrian pointed out as one of the highwaymen. The firing then began. The negroes escaped.

PARADE POSTPONED OWING TO RAIN

Concert in Front of Young People's Building If Rain Ceases

EXHIBIT TOMORROW

Big Tank Will Give Exhibition From 7 Until 8 O'clock at Old Cana Basin.

The Victory Loan parade was called off late this afternoon owing to the inclemency of the weather.

Announcement to this effect was made this afternoon by Robert S Jones, chairman of the local Victory Loan Committee.

However, in the event the rain lets up it is proposed to have a band concert at 7.30 o'clock in front of the Young People's building. The concert will be given by the 63rd Infantry band of fifty pieces.

The public is invited to attend.

The big six ton tank, which as already stated in The Gazette, arrived here yesterday afternoon will give a spectacular exhibition of work on the battlefields at the old canal basin, at the end of North Washington street from 7 until 8 o'clock tomorrow evening.

This is regarded by the local committee as an excellent place for showing what feats can be performed by this monster war machine.

Every citizen in Alexandria and the neighboring counties are invited to witness this demonstration. The committee had previously planned for this demonstration. In view of the fact that the tank will not exhibit this evening it is expected that there will be a general turnout of citizens tomorrow afternoon and evening to witness this exhibition.

EXCITEMENT IN ITALY

Anti-American Demonstrations in Trieste Reported—Regret Expressed.

Paris, May 1.—Disquieting reports were received rom Italy yesterday. The conferences between Premier Orlando and American Ambassador Page are understood to have been unsatisfactory.

Anti-American demonstrations were reported in Trieste, where a crowd is said to have gathered in front of the Y. M. C. A. and demanded that the American flag be hauled down.

Regret for the incident was expressed later.

Reports have been circulated that in case the Italians do come back they would be headed by former Premier Luzzati, but press headquarters appeared certain that Premier Orlando would resume the leadership if they decided to return.

American officials were quite confident that Orlando would be back. Considerable significance was attached to the fact that minor representatives here have been sounding out the Americans as to whether the United States would favor conferring the mandate for Syria upon Italy if she would return and accept a compromise on her Adriatic claims.

ARMY OF SEARCHLIGHTS

A unique and beautiful spectacle was witnessed by thousands of men and women last night when a battery of powerful army searchlights swept the skies above the White House Ellipse and "spotted" American, British, French and Italian flags which were fired from mortars and suspended hundreds of feet in the air by means of miniature parachutes.

The searchlights were stationed around the rim of the Ellipse and on the roofs of office buildings and presented a dazzling and inspiring spectacle as the powerful rays of light criscrossed in the skies, and alternately flooded the Monument, the park and the thousands of onlookers with light.

The flags were shot high into the air by means of six-inch mortars in the center of the Ellipse. Each mortar would explode with a sheet of flame and a few seconds later the bomb would burst hundreds of feet above the crowd.

Many Alexandrians visited Washington last night to witness the display, most of which could be seen from this city.

NEGRO HIGHWAYMEN

While Alexandria, so far, has not been called upon to fight Bolshevism, the rapid addition to the rank of negro footpads is causing alarm. At the special session of the Police Court last night it was made apparent that walking the streets, especially in out-of-the-way localities, has its perils. Two negroes acknowledged that they had held up two white citizens and relieved them of a pistol, $28 dollars in money and a gold watch all of which was found upon their persons, and several other residents who were among the spectators approached the desk and scanned the prisoners, as they, too, had recently been victims of negro footpads. This morning another citizen, who had recently been compelled at the ipsi dixit of negro highwaymen to deliver up his Hamilton gold watch positively identified one of the negroes who was before the bar last night as the man who robbed him.

The police during the past week have succeeded in bringing half a dozen or more of this class of outlaws to the bar of justice. They are now awaiting the action of the grand jury.

Washington, the capital of the nation, is suffering from this class of criminals. There was a pistol duel in the vicinity of the Union passenger depot yesterday with negro desperados.

The Washington Times today contained the following observations concerning conditions in that city:

A public hacker, was held up at the point of pistols by eight colored men yesterday morning. He was robbed of money and his automobile. And this happened in Washington and not along a wild and bandit infested Western trail. At high noon yesterday two women and one man, apparently innocent bystanders, were shot in a street battle. It was a sequel to the hold-up of the morning. And this happened in Washington and not in lawless and Bolshevik Russia. And it all happened because our superintendent of police pays more time to psychology, theology and sociology than he does to criminology. Vari-colored traffic posts with poetical and scholarly inscriptions will not catch criminals. Certainly, traffic must be properly directed for the safety of the public. But traffic should not be a police superintendent's hobby. It is his business to run down crime and when that is done then it is time to play. Instructing policemen in the proper care of their teeth, how to walk erectly, their physical condition generally, is well and good. But it appears to be the job of dentist, a physical director, a manicurist, rather than a superintendent of police. Social conditions are improved by theology. But criminals are not caught by sermons. Criminals are not ordinarily religious, or else they would not be criminals. A moralist is about as successful in cleaning up a city of desperate characters as a botanist would be attempting the work of an engineer. Crime is rife in Washington. Gunmen are terrorizing the public. It is unsafe to walk the streets. When a man is robbed of his automobile when he sits in it. When a gunman will shoot a man for $1 and his watch along Pennsylvania avenue. When merchants will be held up and their cash drawers rifled. When our women are brutally assaulted and murdered. What is wrong?"

Tires

Even Taxis get over 5000 miles on "Diamonds"

You know what the taxi driver hears—"only eight minutes to the train! Drive now if you never did before."

Taxis get punishment that your car never gets. Tires dare not fail. Further, they must give maximum mileage per dollar of cost. Else "overhead" will eat up profits.

The Quaker City Cab Co., Philadelphia, solves its tire problem with Diamonds—Diamonds average over 5000 miles in winter work *with chains* for them.

The Portland Taxicab Co., Portland, Ore., using Diamonds on its fleet, gets an average of over 6,000 miles. The Terminal Taxi Co., Washington, D. C., has been getting 6000 miles on its Diamonds. These specific instances are typical of many others under hard service.

We can cite you just as interesting instances right in this town, among our customers. Give us the opportunity.

NEW CAMPAIGN

District Attorney Will Turn Alleged Violators of Prohibition Law Back

Assistant United States District Attorney Ralph Givens will today begin a new policy to enforce the prohibition law by returning offenders to the place from which liquor is obtained for trial and punishment.

Givens stated yesterday that since the Supreme Court of the United States had held that liquor for another State could be taken through the District of Columbia, the law here could not reach persons carrying liquor from Baltimore through to Virginia.

This, however, could be reached, he thought, by having the persons freighting liquor through the District arrested on blank warrants and returned to Baltimore to be tried in the Federal courts on charges of violating the law.

The Assistant District Attorney said that this was not a crusade but a more vigilant effort on the part of the officials to enforce the law.

COAL. LUMBER AND BUILDING MATERIALS
W. A. SMOOT & CO. INC.
Your Next Winter's Coal
We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.
Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.
We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.
This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.
We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

Ingomar—Bessie Barriscale

Imagine seeing on the screen the best comedy and the most fascinating drama you ever saw rolled together in one prize package; put together in such a perfect combination that none of the elements of either type of picture is lost!

Isn't that a picture worth seeing?

At any rate that is just what the producers claim for Bessie Barriscale's new series of plays, which are based on a new plan of dramatic construction. "Two-Gun Betty," will be the attraction at the Ingomar Theatre tonight.

Richmond—Constance Talmadge

"The Veiled Adventure," Constance Talmadge's newest Select Picture, which can be seen tonight at the Richmond Theatre, is a romantic comedy plus drama which holds you to the end.

It is the story of Geraldine Barker, a young and beautiful society girl, whose marriage to Reginald Crocker, a society "fop," is averted, when she, in trying to teach a young man from Texas a lesson as to the influence of woman over man, is herself enlightened regarding men and unconsciously teaches herself a vital lesson of life. She is presented in this picture by Lewis J. Selznick.

NOTICE TO RENTERS

What protection have you against a raise in your rent? A building lot, paid for, is your best protection because you will then be in a position to build your own home in case the rent becomes more than you care to pay. Your landlord will tell you it is cheaper to rent than to own. He knows better but he does not want you to break away from the tenant class and become a home owner.

$8.00 per month will put you in possession of a choice home site, which when paid for will enable you to build and thus pay rent to yourself rather than to a landlord.

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-efects, it has won the praise of thousands of people who have used it.
